16 July 2021

Dear Techspray Customers

Pursuant to final rules from the US EPA on 6 January 2021 banning or restricting five persistent, bioaccumulative and toxic (PBT) substances, the CAS numbers associated with these materials are as follows:

1. 68937-41-7 (PIP 3:1), commonly found in flexible plastics, polyurethane and polyethylene foam (EMI gaskets)
2. 1163-19-5 (DecaBDE), found in flame retardants
3. 87-68-3 (HCBd), used to make rubber compounds, as a solvent and hydraulic fluids
4. 133-49-5 (PCTP), used in production of rubber materials
5. 732-26-3 (TTBP), used in the chemical manufacturing sector

The purpose of this letter is to inform you that **none** of these substances are included in any Techspray chemical product, hardware, or article.

Should you need further information, please contact Mr. Matthew Morris, mmorris@itwcce.com.

Regards,

Pierce Pillon
Sr. Field Applications Engineer
