

Industrial & Machining

Selection Guide

CLEAN & PREP WIPES

99.9% Isopropyl Alcohol Wipes

- For removing dust, debris, light oils & fingerprints
- Fast evaporation
- Lint-free & tear resistant poly-cellulose material
- 5"x8" (13cm x 20cm)
- 150 wipes/roll – 50% more wipes & less packaging waste!
- Refill rolls - save money and reduce waste

Specifications: ASTM D770-05

1610CP-150DSP 150 wipes in pop-up tub
1610CP-150R 150 wipes in refill roll

70% Isopropyl Alcohol Wipes

- For removing dust, debris, light oils & fingerprints
- Controlled evaporation
- Lint-free & tear resistant poly-cellulose material
- 5"x8" (13cm x 20cm)
- 150 wipes/roll – 50% more wipes & less packaging waste!
- Refill rolls - save money and reduce waste

Specifications: ASTM D770-05

1608CP-150DSP 150 wipes in pop-up tub
1608CP-150R 150 wipes in refill roll

Acetone Wipes

- For removing dust, debris, oils, greases, adhesives, wet epoxy & paint overspray
- Fast evaporation
- Lint-free & tear resistant rayon material
- 6"x9" (15cm x 23cm)
- 100 wipes/roll
- Refill rolls - save money and reduce waste

Specifications: meets or exceeds AMS3819C and BMS15-5

2811-100-69-C 100 wipes in pop-up tub
2811-100-69-R 100 wipes in refill roll

MASKING MATERIALS

WonderMASK P

- Non-ammoniated
- Easily peelable
- Low odor
- Compatible with sensitive metals

2211-8SQ 8 oz (237mL) squeeze bottle

Techform TC-533 Mask

- Fast cure
- Easily peelable
- High tensile strength prevents breakage

53-4008-0533 8 oz (237mL) squeeze bottle

LINT-FREE WIPES

TechClean Blue Maintenance Wipes

- Lint-free & tear resistant poly-cellulose material
- High absorbency
- High tear strength even when wet

2364-50 50 - 12" x 12" (30.5cm x 30.5cm) wipes
2365-300 300 - 9" x 9" (23.9cm x 23.9cm) wipes

Techspray offers a broad range of repair products for...

Components
Control Systems
Communication Systems
Display Screens

TECHSPRAY

DEGREASERS

Blue Shower Maintenance Cleaner

- Nonflammable & powerful degreaser
- Rapid evaporation
- Zero residue
- Dielectric strength 27.3 kv
- NSF registered K1 and K2

Specifications: Boeing D6 17487, Rev P

1630-16S 16oz aerosol

Industrial Maintenance Cleaner

- Safe & economical replacement for nPB, TCE, perc & methylene chloride cleaners
- Nonflammable
- Powerful cleaner — Ideal for degreasing and contact cleaning
- Rapid evaporation
- Available in aerosol or bulk for vapor-degreasing, ultrasonic and immersion cleaning
- NSF registered K1 and K2

3400-20S 20oz aerosol
3400-G 1 gal (3.8L)
3400-5G 5 gal (18.9L)

Electro-Wash MX Cleaner Degreaser

- Safe on plastics
- Moderate evaporation rate increases cleaning power
- Leaves no residue
- Removes organic and ionic soils
- Aerosol utilizes All-Way Spray valve – sprays in any direction
- Available on convenient presaturated wipes

ES1621 10oz aerosol
CP421 25 - 8" x 10" (20.3cm x 25.4cm) individually wrapped wipes

Electro-Wash PX Degreaser

- Safe on plastics
- Extra cleaning strength
- Dries fast, leaves no residue
- Removes organic and ionic soils
- Aerosol utilizes All-Way Spray valve; sprays in any direction

ES810 5oz aerosol
ES1210 12.5oz aerosol
ES110 1 gal (3.8L)

CONTACT CLEANERS

Pow-R-Wash PR Contact Cleaner

- Safe on plastics
- Flammable
- Dielectric Breakdown 44 kv
- Fast evaporation
- Leaves no residue
- Aerosol utilizes All-Way Spray valve – sprays in any direction

ES1605 10oz aerosol

Contact Cleaner

- Nonflammable & powerful
- Rapid evaporation
- Zero residue
- Dielectric strength 36.2 kv
- NSF registered K1 and K2

Specifications: D6 17487, Rev P

1632-16S 16oz aerosol

ULTRASONIC CLEANER

Universal Cleaner

- Powerful cleaner
- Nonflammable
- Rapid evaporation
- Zero residue

1638-G 1 gal (3.8L)
1638-5G 5 gal (18.9L)

Vapor Degreasing Solvents

Solvent 3410

- High performance replacement for Novec 71DE, 72DE & 73DE solvents
- Nonflammable
- Much safer than most common industrial solvents — TCE, nPB, Perc & Methylene Chloride
- Powerful cleaner — Ideal for heavy greases
- Available in bulk for vapor-degreasing, ultrasonic and immersion cleaning
- Rapid evaporation

3410-G 1 gal (3.8L)
3410-5G 5 gal (18.9L)
3410-54G 54 gal (305L)

Solvent 3910

- US-made replacement for Novec 71DE, 72DE & 73DE solvents
- Nonflammable
- Much safer than most common industrial solvents — TCE, nPB, Perc & Methylene Chloride
- Powerful cleaner — Ideal for heavy greases
- 100% of the supply chain is US based
- Very Low GWP of 2.7
- Available in bulk for vapor-degreasing, ultrasonic and immersion cleaning
- Rapid evaporation

3910-G 1 gal (3.8L)
3910-5G 5 gal (18.9L)
3910-54G 54 gal (305L)

PRECISION V™

Solvent 3810

- Economical replacement for 3M Novec 7100, 7200 & 7300
- Nonflammable
- Non-conductive
- Compatible with plastics
- Low toxicity
- Low global warming potential (GWP)
- VOC-exempt solvent (US EPA)
- Low surface tension for cleaning within tight areas

3810-G 1 gal (3.8L)
3810-5G 5 gal (18.9L)
3810-54G 54 gal (305L)

Safer Replacements for Toxic Industrial Solvents

N-propyl bromide (nPB), trichloroethylene (TCE), perchloroethylene (Perc), and methylene chloride are four examples of harmful chemicals that are commonly used for industrial applications. These chemicals have been popular because they are nonflammable, have high solvency, and are relatively inexpensive. Because of safety concerns, these solvents are under close scrutiny by OSHA, EPA, and local agencies. For example, The American Conference of Governmental Industrial Hygienists (ACGIH) recommends a time-weighted average threshold limit of 0.1 ppm (ACGIH 2013). That's because nPB is a suspected human carcinogen, and has shown to negatively impact neurological and reproductive functioning.

Techspray offers effective replacements for these toxic solvents. PWR-4 High Performance Solvents provides all the cleaning power of nPB and other industrial solvents, but without the health risks. For more information, read "Toxic Chemicals Used for Industrial Cleaning" white paper at www.techspray.com.
