

VAPOR DEGREASER CLEANING SOLVENTS

- Non-flammable
- Much safer than TCE, nPB, Perc & Methylene Chloride
- Powerful cleaner - Effective on heavy greases, R, RMA & no-clean fluxes
- Available in aerosol or bulk for vapor-degreasing, ultra-sonic and immersion cleaning
- Rapid evaporation
- 3400 - NSF registered K1 and K2

	20oz aerosol	1 gal	5 gal	54 gal
Degreaser	3400-20S	3400-G	3400-5G	3400-54G
Flux Remover	-	3401-G	3401-5G	3401-54G

Product Data

Flash point	None (ASTM D-56 TCC)
Vapor pressure	356 kPa (267 mmHg)
Shelf life	2 yrs open 5 yrs unopened

Vapor Degreaser Setting Guidelines

Boiling point	118°F (48°C)
Boil sump temp set	127°F (53°C)
High solvent temp set	136°F (58°C)
Refrigerant high temp set	109°F (43°C)

VAPOR DEGREASER CROSS REFERENCES

3M NOVEC PRODUCTS

PWR-4 Advantages...

- Availability
- Lower cost
- Stronger cleaner
- Versatile

71DA – azeotrope

71IPA – light cleaning w/IPA

71DE – heavy duty cleaning

72DE – heavy duty cleaning

nPB PRODUCTS

PWR-4 Advantages...

- Lower toxicity
- Lower odor
- HAPs free

Look for...

*GHS chronic toxicity symbol,
i.e. cancer & long-term
health effects.*
